

Smart Vehicle Identification

New Spectre reader: Let the good go, kick the bad out. Without delay.

Accept the challenge of fast-track security at your vehicle gates. Spectre's UHF-based vehicle ID reader is the first of a new generation: discreet by design, flexible in its configuration, secure and encrypted in its communication. Our new long-range reader is built to perform for up to 4 driveways, even in highly challenging environments. It's the most robust reader on the market, yet intuitively easy to use. Welcome to speed and security - in a single solution.
